It means that the bureaucracy sector and policy in order to reform of bureaucracy needs to be a focus of study. One of the policies that can support the performance and welfare in the creation of good public service is going to be the remuneration policy. However, until 2012, the remuneration policy has not been implemented throughout the institution/agency. The determination of the value and class policy positions that have been implemented have diverse forms of regulation.Ã‚Â Keywords: bureaucracy reformation, remuneration, value and class positions
