Abstract	The title of this article: "Study on Social Cohesion of the Salafi group in Banyumas". The purpose of this study was to determine and find out on social cohesion in the group of Salafi. The methods of this research was used by qualitative approach and its analysis of data using interactive methods. Results from this study: 1) That the Salafist Group came in Banyumas region $\tilde{A}f$, \tilde{A} , $\tilde{A}f$, \tilde{A} , $\tilde{A}f$, approximately the 1980s. Formally, this group has no organization, so they do not have a leader, despite having members of the congregation. If a person be a leader, then the informal nature, and designated are their teachers. 2) Salafi groups are hard to get back to the Qur'an and Sunnah and follow what is done by the as-Salaf as- $\tilde{A}f\hat{A}_1\tilde{A}$, $\hat{A}^1\tilde{A}$, $\hat{A}^2\tilde{A}$,
