Abstract	This research discusses about moral deviations of American youth toward moral and ethic code "Puritan" that had been deeply rooted in American life for hundreds of years. The purpose of the research is to elaborate the impact of socio-cultural changes in American during twenties in tune with the process of modernization after World war I on American society particularly the younger generation. By applying structural and sociological approach, the writer analyzes the impact of socio-cultural changes toward the youth's morality through the attitude of characters in the novel. This research shows that the socio-cultural changes the youth's morality. The younger generation developed new values in keeping with the prosperity of the country. They openly revealed their impatience in such deviant ways. They actualized their new freedom by drinking liquor, doing free sex, and living hedonistic life style
