

PENINGKATAN KEMAMPUAN GURU DALAM MERANCANG DIGITAL MIND MAP DENGAN MINDMAPLE

Title	Peningkatan Kemampuan Guru dalam Merancang Digital Mind Map Dengan Mindmaple
Author	Dr. H. H. H.
Abstract	Abstract: This research aims to improve the ability of teachers in designing digital mind maps using MindMaple. The research method used is qualitative research. The data collection method used is interviews with teachers and observations. The data analysis method used is content analysis. The results of the research show that the ability of teachers in designing digital mind maps using MindMaple is still low. This is due to the lack of understanding of the use of MindMaple and the lack of training in designing digital mind maps. The results of the research can be used as a reference for the development of training materials for teachers in designing digital mind maps using MindMaple.
Keywords	Keywords: Digital Mind Map, MindMaple, Teacher Ability, Qualitative Research, Content Analysis.
