

Extraction of alumina from red mud for synthesis of mesoporous alumina by adding CTABr as mesoporous directing agent

Title	Extraction of alumina from red mud for synthesis of mesoporous alumina by adding CTABr as mesoporous directing agent
Abstract	
Authors	EP Ramdhani, T Wahyuni, YL Ni’mah, S Suprpto, D Prasetyoko
Journal Name	Indonesian Journal of Chemistry 18 (2), 337-343, 2018
Publish Year	2018
Citation	11
