

Catalytic efficiency of sulfuric and hydrochloric acids for the hydrolysis of *Gelidium latifolium* (Gelidiales, Rhodophyta) in bioethanol production

Title	Catalytic efficiency of sulfuric and hydrochloric acids for the hydrolysis of <i>Gelidium latifolium</i> (Gelidiales, Rhodophyta) in bioethanol production
Abstract	
Authors	MDN Meinita, B Marhaeni, T Winanto, D Setyaningsih, YK Hong
Journal Name	Journal of Industrial and Engineering Chemistry 27, 108-114
Publish Year	2015
Citation	33
