

Simultaneous observation of temporal and spatial distribution of atmospheric aerosol by means of slant-path and plan position indicator lidars

Title	Simultaneous observation of temporal and spatial distribution of atmospheric aerosol by means of slant-path and plan position indicator lidars
Abstract	
Authors	J Aminuddin, N Manago, N Lagrosas, S Okude, H Kuze
Journal Name	Lidar Remote Sensing for Environmental Monitoring XVI 10779, 64-72, 2018
Publish Year	2018
Citation	4
