

Query Expansion in Information Retrieval using Frequent Pattern (FP) Growth Algorithm for Frequent Itemset Search and Association Rules Mining

Title	Query Expansion in Information Retrieval using Frequent Pattern (FP) Growth Algorithm for Frequent Itemset Search and Association Rules Mining
Abstract	
Authors	L Afuan, A Ashari, Y Suyanto
Journal Name	IJACSA 10 (2), 263-267, 2019
Publish Year	2019
Citation	7
