

Identification of bioactive compounds in ginger based on molecularly imprinted polymer quartz crystal microbalance gas sensor

Title	Identification of bioactive compounds in ginger based on molecularly imprinted polymer quartz crystal microbalance gas sensor
Abstract	
Authors	F Hardoyono, K Windhani, H Sambodo, H Pudjianto
Journal Name	IOP Conference Series: Materials Science and Engineering 546 (3), 032012, 2019
Publish Year	2019
Citation	9
