

Nonlinear finite element analysis of traditional flexural strengthening using betung bamboo (Dendrocalamus asper) on concrete beams

Title	Nonlinear finite element analysis of traditional flexural strengthening using betung bamboo (Dendrocalamus asper) on concrete beams
Abstract	
Authors	BA Hidayat, HT Hu, AL Han, Y Haryanto, A Widyaningrum, G Pamudji
Journal Name	IOP Conference Series: Materials Science and Engineering 615 (1), 012073, 2019
Publish Year	2019
Citation	17
