

Experimental study on the effect of variation of blade arc angle to the performance of savonius water turbine flow in pipe

Title	Experimental study on the effect of variation of blade arc angle to the performance of savonius water turbine flow in pipe
Abstract	
Authors	MI Nadhief, DM Prabowoputra, D Tjahjana, S Hadi
Journal Name	International Journal of Mechanical Engineering and Robotics Research 9 (5) 8230, 2020
Publish Year	2020
Citation	13
