
MicroRNA-155-5p diminishes in vitro ovarian cancer viability by targeting HIF1 α expression

Title	MicroRNA-155-5p diminishes in vitro ovarian cancer viability by targeting HIF1 α ; expression
Abstract	
Authors	Y Ysrafil, I Astuti, SL Anwar, R Martien, FAN Sumadi, T Wardhana
Journal Name	Advanced Pharmaceutical Bulletin 10 (4), 630-637, 2020
Publish Year	2020
Citation	11
