

Investigation on Savonius turbine technology as harvesting instrument of non-fossil energy: Technical development and potential implementation

Title	Investigation on Savonius turbine technology as harvesting instrument of non-fossil energy: Technical development and potential implementation
Abstract	
Authors	AR Prabowo, DM Prabowoputra
Journal Name	Theoretical and Applied Mechanics Letters 10 (4), 262-269, 2020
Publish Year	2020
Citation	30
