

Solvothermal synthesis of designed nonstoichiometric strontium titanate for efficient visible-light photocatalysis

| | |
|---------------------|--|
| Title | Solvothermal synthesis of designed nonstoichiometric strontium titanate for efficient visible-light photocatalysis |
| Abstract | |
| Authors | U Sulaeman, S Yin, T Sato |
| Journal Name | Applied Physics Letters 97 (10), 103102, 2010 |
| Publish Year | 2010 |
| Citation | 52 |
| Url | https://scholar.google.com/scholar?q=+intitle:"Solvothermal synthesis of designed nonstoichiometric strontium titanate for efficient visible-light photocatalysis" |
