## Solvothermal synthesis and photocatalytic properties of chromium-doped SrTiO3 nanoparticles

Title	Solvothermal synthesis and photocatalytic properties of chromium-doped SrTiO3 nanoparticles
Abstract	
Authors	U Sulaeman, S Yin, T Sato
Journal Name Applied Catalysis B: Environmental 105 (1-2), 206-210, 2011	
Publish Year	2011
Citation	91
Url	https://scholar.google.com/scholar?q=+intitle:"Solvothermal synthesis and photocatalytic properties of chromium-doped SrTiO3 nanoparticles"
Author	UYI SULAEMAN, S.Si, M.Si, PhD
