
Characterization and sensing properties of ZnO film in FG-FET sensor system for NO₂ detection

Title	Characterization and sensing properties of ZnO film in FG-FET sensor system for NO ₂ detection
Abstract	
Authors	W Widanarto, C Senft, O Senftleben, W Hansch, I Eisele
Journal Name	International Journal of Basic & Applied Sciences IJBAS-IJENS 11 (1), 104-108, 2011
Publish Year	2011
Citation	7
