
Synergistic effect of defect and surface plasmon resonance in Au/Ag₃PO₄ for enhanced photocatalytic activity

Title	Synergistic effect of defect and surface plasmon resonance in Au/Ag ₃ PO ₄ for enhanced photocatalytic activity
Abstract	
Authors	U Sulaeman, A Marcorius, H Diastuti, A Riapanitra, S Yin
Journal Name	
Publish Year	(not set)
Citation	(not set)
