

Deformation of designed steel plates: An optimisation of the side hull structure using the finite element approach

Title	Deformation of designed steel plates: An optimisation of the side hull structure using the finite element approach
Abstract	
Authors	AR Prabowo, T Tuswan, DM Prabowoputra, R Ridwan
Journal Name	Open Engineering 11 (1), 1034-1047, 2021
Publish Year	2021
Citation	11
