

Wound healing potential of forest honey for increasing TGF- β 1 protein expression in palatoplasty: In-vivo and In-silico studies

Title	Wound healing potential of forest honey for increasing TGF- β 1 protein expression in palatoplasty: In-vivo and In-silico studies
Abstract	
Authors	AN Aida, R Zhafirah, H Hirawan, AHB Widodo, CC Prihastuti, T Wardana
Journal Name	Scientific Dental Journal 6 (1), 25, 2022
Publish Year	2022
Citation	(not set)
