

Simulation Study on Cross Flow Turbine Variation of the Number of Blades

Title	Simulation Study on Cross Flow Turbine Variation of the Number of Blades
Abstract	
Authors	DM Prabowoputra
Journal Name	International Journal of Mechanical Engineering and Robotics Research 11 (1), 2022
Publish Year	2022
Citation	(not set)
Url	<a blades"="" cross="" flow="" href="https://scholar.google.com/scholar?q=+intitle:" number="" of="" on="" simulation="" study="" the="" turbine="" variation="">https://scholar.google.com/scholar?q=+intitle:"Simulation Study on Cross Flow Turbine Variation of the Number of Blades"
