
The enrichment of silver ions in Ag₃PO₄ through the morphology changes and their photocatalytic activities

Title	The enrichment of silver ions in Ag ₃ PO ₄ through the morphology changes and their photocatalytic activities
Abstract	
Authors	U Sulaeman, K Afifah, H Diastuti, S Yin
Journal Name	Molekul 17 (1), 10-18, 2022
Publish Year	2022
Citation	(not set)
