

Carbon fiber-reinforced polymer rod embedment depth influence on concrete strengthening

Title	Carbon fiber-reinforced polymer rod embedment depth influence on concrete strengthening
Abstract	
Authors	AL Han, HT Hu, BS Gan, FP Hsiao, Y Haryanto
Journal Name	Arabian Journal for Science and Engineering 47 (10), 12685-12695, 2022
Publish Year	2022
Citation	5
