

Synthesis of vanadium oxide material and its photocatalytic activity in the degradation of methylene blue

Title	Synthesis of vanadium oxide material and its photocatalytic activity in the degradation of methylene blue
Abstract	
Authors	A Riapanitra, T Setyaningtyas, K Riyani, R Andreas, AL Ariyanti, ...
Journal Name	AIP conference proceedings 2553 (1), 2022
Publish Year	2022
Citation	1
