

The 14-3-3 γ isoform binds to and regulates the localization of endoplasmic reticulum (ER) membrane protein TMCC3 for the reticular network of the ER

Title	The 14-3-3 γ ; isoform binds to and regulates the localization of endoplasmic reticulum (ER) membrane protein TMCC3 for the reticular network of the ER
Abstract	
Authors	S Suhda, Y Yamamoto, S Wisesa, R Sada, T Sakisaka
Journal Name	Journal of Biological Chemistry, 102813, 2022
Publish Year	2022
Citation	(not set)
