A first principles study on the catalytic performance of methylcyclohexane dehydrogenation on a monoatomic catalyst

Title	A first principles study on the catalytic performance of methylcyclohexane dehydrogenation on a monoatomic catalyst
Abstract	
Authors	S Zulaehah, E Saputra, R Jonuarti, WT Cahyanto
Journal Name	Surface and Interface Analysis 56 (5), 241-248, 2024
Publish Year	2024
Citation	3
