

Phylogenetic Assessment of Giant Clams (Tridacnidae) Using Partial Amino Acids Sequences of Cytochrome C Oxidase I Gene

Title	Phylogenetic Assessment of Giant Clams (Tridacnidae) Using Partial Amino Acids Sequences of Cytochrome C Oxidase I Gene
Abstract	
Authors	A Nuryanto, D Nuryadi, D Soedharma, D Blohm
Journal Name	BIOTROPIA-The Southeast Asian Journal of Tropical Biology 14 (2), 22-31, 2007
Publish Year	2007
Citation	(not set)
