

Optimization of Carbon and Nitrogen Source on the Production of Pectinase Enzymes in Solid-state Fermentation by Cyberlindnera fabianii UNJCC Y-144 and Candida tropicalis UNJCCÂ ...

Title	Optimization of Carbon and Nitrogen Source on the Production of Pectinase Enzymes in Solid-state Fermentation by Cyberlindnera fabianii UNJCC Y-144 and Candida tropicalis UNJCCÂ #8230;
Abstract	
Authors	D Sukmawati, R Hasanah, SN Al Husna, NI Ratnaningtyas, A Aksoy, ...
Journal Name	Journal of Pure & Applied Microbiology 19 (2), 2025
Publish Year	2025
Citation	(not set)
