

Edge Detection and Morphological Image for Estimating Gestational Age Based on Fetus Length Automatically

Title	Edge Detection and Morphological Image for Estimating Gestational Age Based on Fetus Length Automatically
Abstract	
Authors	R Supriyanti, A Chuzaeri, Y Ramadhani, HB Widodo, TI Rosanti
Journal Name	18th International Conference on Signal and Imaging System Engineering (ICSISE), 2016
Publish Year	2016
Citation	1
